Our Latest Testimonial

2nd Vision,

Thanks for making our wedding a blast. People were out of their seats dancing from the very first song all the way to the last song, and were talking about you non-stop after the wedding. The range and depth of your band was incredible. You were able to play classics to perfection but also showed your mastery of contemporary songs that weren't even on your song list. The cocktail hour was well done and set a great tone for what followed. You are quite honestly better than any wedding band that I've ever heard. Outside of the superb performance, you were great to work with leading up to our wedding and were very open to learning some new songs and hearing what we wanted you to play. We were beyond impressed and we will continue to recommend your band for any occasion. We look forward to seeing you play again at DeSalles night this year.

Thanks again for everything, Pat and Candice
